

Agronomy Machinery Storage Building

Herrick Archives Building 958

A. IDENTIFICATION & LOCATION

1. Name

1.1 Building was never officially named by Board of Trustees.

1.2 Alternate names noted:

Agronomy Equipment Storage

2. Location

2.1 Located at 2623 Kenny Road. See map below. This is approximately the same location as H 917.

2.2 For greater detail, see Sheet 17 in the book of campus maps in the University Archives.

For identification of other buildings shown, see Appendix A.

3. General Description

3.1 Type of construction:

Wood frame, sheet metal skin, concrete floor.

3.2 No. of stories:

One

3.3 Increments of construction:

No additions

3.4 Present area of building as shown in inventory records of Division of Campus Planning:

3,677 sq. ft. gross;

3,645 sq. ft. net assignable

B. PLANNING & CONSTRUCTION

This building was originally erected by Morton Buildings, Inc. at Don Scott Field for the 1975 Farm Science Review. At that location it was designated as Building S 72.

In October 1979, the University purchased the building for \$5,000. Morton Buildings, Inc. was engaged to dismantle, move and re-erect the building at the Kenny Road site. This work was completed on December 10, 1979.

A contractor has been engaged to install a concrete floor. This work is imminent; in fact, it was to have been done yesterday.

Other interior work and the landscaping will be done as needs arise and circumstances permit.

See Addendum No. 1

C. COST

The project cost is \$15,200 (P).
